

ACCESS

Registration

To become a CM/ECF registered user, begin by visiting the court's website at www.nyeb.uscourts.gov. Go to the link for CM/ECF, and download the appropriate documents.

Training

On the CM/ECF page, you will find the contact person for each divisional office along with the telephone number to schedule training. The attorney must complete one-on-one training with a court trainer. If there are several people in your office to be trained, group training is available. You will be assigned to access the training database on the day of training. Once familiar with the training database, and the assigned training exercises completed, you will be issued a *live* password and be authorized to file documents in the CM/ECF system.

[NOTE: A different set of logins and passwords are issued for the training and live systems]
